Subject

Annual provision of Rs 12/- for oiling the iron plates used for the sluices of the Yalikere tank in Chennagiri Taluk.

In Lakam - Tank, Chennagiri Taluk.

G. R. S. 58

1. From the D.C.Shimoga. No. 703/868 D/ 25-2-1901.

Requests that an annual provision of Rs 12/- be made in the Revenue Budget of expenditure from 1901-02 for oiling the iron plates and belts used for the sluices of the Sulikere tank.

2. To the Chief Engineer. No. 6932/Fl.885 D/ 6-3-1901.

Forwards copy of the above and requests his opinion as to whether this annually recurring charge is really necessary.

3. To the D.C.Shimoga. No. 6933/Fl.853 D/ 6-3-1901

Requests him to submit a report as to what expenditure was actually incurred during the past ten years and how it was met.

4. From the Chief Engineer. No. 1485 D/ 14-3-1901

Informs that lubricating of the parts of iron sluice gates is necessary but Rs 12/- a year for such a purpose appears to be very exorbitant.

Sir,

I have the honour to state for the information of Government that as reported by the Amildar of the Channagiri Taluk, it was found necessary to make some provision for oiling the iron plates and bolts used for the sluices of Sulekere Tank and channels to protect them from wear and tear. The demand for the expenditure being the first of its nature, the Chief Engineer in Mysore was requested in this Office No 207 dated 6th Instant to sanction an annual grant of Rs 125 out of the amount allotted for the repairs of irrigation works and placed at my disposal. But that Officer has replied in his letter No 800 dated 15th Instant saying

that the charge referred to is debitable to the Revenue budget from which the Conservancy establishment of the tank and channels is paid, and that application should be made to Government in that Department. I request that sanction of Government may be obtained for an annual provision of Rs. 12/- being made for the purpose in the Revenue budget of expenditure from the official year 1901-902.

From

The Chief Engineer of Mysore,

To

The Secretary to the Govt. of Mysore,
Revenue and General Departments

Sir,

In reply to your No. 6932/Fl 685 of the 6th instant enquiring whether a recurring charge of Rs. 12 per annum, is necessary for oiling the iron plates etc, of the Sluices of Sulekere Tank in Shimoga Taluk; I have the honor to inform you that lubricating of the parts of the iron sluice gates is necessary, but Rs 12 a year for such a purpose, appears to be a very exorbitant charge? Simply such charges must have been incurred on the numerous Iron Sluice Gates fixed to Tanks and Channels all over the Province, and it is not understood why the charges on this account for the work under reference, should not be treated in the same way as in other Districts.

In reply to his L.O. 6933 Fl. 686 dated 6th March 1901 reports that the iron plates and nuts of the Sulekere tank and channels in the Channapur Taluk are said to have been introduced during the improvement of the works by the P.W.D and that there are no references to show that any expenditure was incurred by the Rev. Department.

Submitted to Mr Secy.

It is only a matter of 10 or 12 rupees. The charge may be met from provision in the Budget under "24 Misc; (2), 7 - Petty Charges of a Special nature". In the Current years Budget there is a provision of Rs 200/- for the Shimoga Distt.
